

Janelle Grum Family Crisis Center – Lufkin, Texas

Owner: *Women’s Shelter of East Texas ♦ Margi Preston, Director ♦ (936) 639-1681*

Langston Construction is the Design/Build Contractor for the newest facility in the Family Crisis Center’s system. Housed in Lufkin, this 13,755 square foot facility has 15 administrative offices, a family room and a conference room, as well as restrooms, a break room and a reception area. Working with a non-profit entity with a limited budget, Langston’s team worked hard to ensure that the needs of the Women’s Shelter were exceeded. The project was completed in May 2008.
